SUPERANNUATION PLANS

Legislation was introduced July 1, 1930 to inaugurate a superannuation plan for teachers in Saskatchewan. The plan provisions under the original Teachers' Superannuation Act have been significantly amended over the past 54 years. A major milestone was in 1974 when the Teachers' Superannuation Plan became a negotiable matter as a mandatory item under The Teacher Collective Bargaining Act, 1973. As a negotiable item, any amendments to The Teachers' Superannuation Act must first be agreed to and included in a provincial collective bargaining agreement. Legislation is subsequently amended to reflect the negotiated provisions of the plan.

Effective July 1, 1980 the "money accumulation pension" concept was introduced to Saskatchewan teachers. Also effective July 1, 1980, the Minister of Finance began matching teacher contributions to both the formula or defined benefits plan and to the recently introduced annuity or money accumulation plan.

Formula or Defined Benefits Plan

All teachers who began teaching prior to July 1, 1980, are participants in the formula plan, unless the option to transfer to the annuity or money accumulation plan has been exercised. The allowance payable to a teacher who superannuates under this plan is determined by applying a formula based on years of service and highest salaries earned during any five years of teaching.

Annuity or Money Accumulation Plan

This plan, introduced July 1, 1980, applies to all teachers who began teaching in Saskatchewan after July 1, 1980. The allowance payable to a teacher who superannuates under this plan is in the form of a life annuity based on the money accumulated and standing to the credit of the teacher at the time of retirement. The total accumulated amount includes matching government contributions. Main factors affecting the amount accumulated and the size of the annuity at the time of retirement are:

- rate of salary increases;
- contribution rates;
- earnings of the annuity fund;
- age at retirement; and,
- type of annuity selected.

All monies in any fund are held in trust by the Minister of Finance and are invested in high quality investments which include bonds, debentures, mortgages and various other equities.

Three distinct funds have been established.

Teachers' Superannuation Fund

This fund consists of all contributions made by teachers who contributed to the Formula Plan, plus a matching contribution by the provincial government, together with a nominal interest credit currently calculated at the rate of 7 per cent compounded annually. In addition to matching contributions, the government support includes an annual amount which is required to meet all payments for allowances granted under the plan.

All contributions made by or on behalf of a teacher remain in the Teachers' Superannuation Fund until the date of retirement. At that time, the total amount standing to the credit of the teacher is available for the payment of superannuation allowances.

Teachers' Annuity Fund

This fund consists of contributions made by teachers who contribute to the Annuity Plan together with matching government contributions, plus the total earned interest of this fund. At the present time, teachers and government each contribute a percentage of the teacher's salary inclusive of Canada Pension Plan contributions. Under certain conditions a teacher may elect to transfer the contributions and interest to his credit in the formula plan, together with a government matching amount and a government bonus interest amount, to the Annuity Fund.

Supplementary Allowances Fund

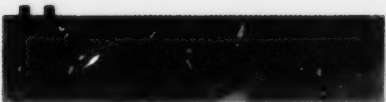

This fund was established on behalf of all teachers who contribute to the Annuity Plan. The proceeds of this fund are to be used for indexing annuities and providing for the payment of dependant children's allowances upon the death of a teacher.

The main source of monies to this fund consists of the difference between the total contribution rate and the combined Canada Pension Plan and Annuity Fund contribution. The government contributes a matching amount.

The Teachers' Superannuation Commission may enter into reciprocal pension agreements with other teacher employer groups and with public sector employer groups. Agreements are presently in effect between the Saskatchewan Teachers' Superannuation Commission and the following pension jurisdictions:

- provincial teacher pension authorities in all ten provinces;
- Province of Saskatchewan Public Service Superannuation Board and the Public Employees (Government Contributory) Superannuation Plan Supervisory Board;
- Government of Canada Public Service Superannuation;
- Province of Alberta Public Service Pension Board, the Public Service Management Board and the Local Authorities Board;
- Crown Investments Corporation of Saskatchewan;
- Province of Saskatchewan Municipal Employees' Superannuation Commission;
- University of Saskatchewan;
- University of Regina;
- University of Alberta; and,
- Board of the Evangelical Lutheran Church.

The assets of the Teachers' Superannuation Fund, the Teachers' Annuity Fund and the Supplementary Allowances Fund are invested through Saskatchewan Finance, Investment and Financial Services Branch. Investments are of high quality to yield the best possible return with minimum risk.

- 
- The minimum fund balance in the Teachers' Superannuation Fund rose from \$315,875,582 at June 30, 1984 to \$371,012,172 at June 30, 1985 for a net increase of \$55,136,590.
 - Teacher and government accumulated balances in the Teachers' Annuity Fund rose from \$18,587,967 at June 30, 1984 to \$29,643,762 at June 30, 1985, for a net increase of \$11,055,795.
 - Effective July 1, 1984 the contribution rate was increased from 7.65% on the full annual teacher salary to 7.85% inclusive of Canada Pension Plan.
 - Teacher and matched government contributions to both the Teachers' Superannuation Fund, the Teachers' Annuity Fund and the Supplementary Allowances Fund for the year totalled \$58,624,176 compared with \$55,276,825 the previous year. Another \$1,741,813 was received through transfers under reciprocal agreements with other registered pension plans. In 1983-84, those transfers totalled \$1,319,121.
 - Termination refunds paid for 1984-85 were \$1,694,157 and reciprocal transfers out were \$1,641,871. In 1983-84 these amounts were \$1,813,319 and \$1,323,486 respectively.

- Payment of teacher allowances and annuities to superannuates, surviving spouses, dependants and nominees totalled \$57,188,356 for 4,956 recipients, an increase of 257 recipients and an increase of \$7,235,261 over the previous year ending June 30, 1984 (June 30, 1984 \$49,953,095 for 4,699 recipients).
- A total of 15 disability allowances for a total of \$151,522 were granted in 1984-85 as compared to a total of \$203,941 granted in 1983-84.
- During the year 69 superannuates and 23 teachers died.
- Administration costs were \$560,809 in 1984-85, a decrease of \$4,613 compared to 1983-84.
- Interest earnings on investments in the Teachers' Superannuation Fund were at the approximate rate of 14.60 per cent. The rate of interest allocated on monies in the Annuity Fund was 16.22 per cent and 10.37 per cent on monies in the Supplementary Allowances Fund.
- The 1984 Provincial Collective Bargaining Agreement provided effective July 1, 1984 for teachers to be eligible for superannuation benefits on the basis of at least 30 years teaching service irrespective of age with no reduction to benefits. A total of 57 teachers retired during the period ending June 30, 1985 under this provision, also referred to as the "clean 30".

- The 1984 Provincial Collective Bargaining Agreement also provided effective July 1, 1984 for a teacher to purchase for all superannuation purposes periods of service as a "study supervisor" approved by the Department of Education. A total of 82 teachers exercised this option at a cost of \$43,005.

Teachers' Superannuation Fund
Notes to the Financial Statements
June 30, 1985

1. Status of the Fund

This Fund is used to account for the net assets accumulated for a defined benefit final average pension plan continued pursuant to the provisions of The Teachers' Superannuation Act. Contributions and investment earnings are accumulated in the Fund for the purpose of providing superannuation allowances to contributing teachers.

The Commission also administers the Annuity Fund and the Supplementary Allowances Fund to account for the net assets accumulated for a defined contribution pension plan in accordance with the Act. Financial statements for these Funds are separately prepared.

2. Significant Accounting Policies

- a) These financial statements are prepared on the accrual basis of accounting,
- b) The Teachers' Superannuation Fund records investments at cost. Any premium or discount on purchase is amortized into revenue on a straight-line basis over the term of the investment. Gains or losses relating to investments sold prior to maturity are recognized in the year of sale.

3. Related Party Transactions

In accordance with Section 73 of The Teachers' Superannuation Act, all expenses of the administration of this Act are paid out of moneys appropriated by the Legislature for the purpose. Accordingly, no provision for these costs is included in these financial statements.

4. Minimum Balance of Fund

Under Section 14(1) of The Teachers' Superannuation Act, the Fund shall at all times at least equal the sum of:

- i) contributions made to the Fund by or on behalf of teachers who have not retired, together with interest thereon;
- ii) contributions made to the Fund by the Minister of Finance; and
- iii) the teachers' voluntary contributions, together with interest thereon.

At the year end, the minimum balance of the Fund was determined to be \$371,012,000 (1984 — \$315,875,000).

5. Investments

Real estate	12,820		9,407
Short-term investments	57,388		47,936
	\$ 459,299		\$ 385,873

Bonds, debentures and equity investments had a quoted market value of \$379,544,467 on June 30, 1985 (1984 — \$288,269,927). Short-term investments are valued at cost which approximates market value. Mortgages and real estate are not publicly traded and accordingly do not have a quoted market value.

Section 13 of The Teachers' Superannuation Act provides that the Minister of Finance hold all moneys of the Fund in trust for investment in specified classes of securities.

6. Teachers' Contributions

Only teachers with service prior to July 1, 1980 are permitted to contribute to the Teachers' Superannuation Fund. These teachers may, however, elect to transfer their accumulated balances to the Annuity Fund prior to July 1, 1986 (amended to July 1, 1988 by legislation passed in December, 1985).

7. Contributions from the Minister of Finance

In accordance with Section 18 of The Teachers' Superannuation Act, the Minister of Finance made the following contributions into the Fund:

	1985	(000's)	1984
i) Contributions equal to teachers' contributions	\$ 24,444		\$ 23,836
ii) Other	19,477		25,333
	<u>\$ 43,921</u>		<u>\$ 49,169</u>

8. Actuarial Valuation

An actuarial valuation was performed on the Teachers' Superannuation Fund as at June 30, 1983. The report stated that, using the accrued benefit actuarial cost method with salary projection, the present value of accumulated benefits resulting from services rendered to the valuation date was \$1,416,256,000. It further stated that assets, valued at amortized cost except for equities which are valued at cost partially adjusted to market, totalled \$336,707,000 resulting in an unfunded actuarial liability of \$1,079,549,000. The next valuation is planned to be performed as at June 30, 1986.

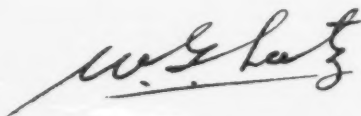

The Minister of Finance is obligated by Section 18(1)(a) of The Teachers' Superannuation Act to provide sufficient money to make it possible at all times to pay the allowances granted under the Act.

Annuity Fund
Notes to the Financial Statements
June 30, 1985

1. Status of the Fund

The Teachers' Superannuation Act established a defined contribution pension plan on July 1, 1980 to be administered by The Teachers' Superannuation Commission. Teachers' and matching contributions of the Minister of Finance together with investment earnings are accumulated in the Annuity Fund for the purpose of providing annuities to the contributing teachers.

The Commission underwrites the annuity contracts; however, the monies available to pay annuities are not transferred to a separate fund but are retained within the pool of investments held by this Fund. Accordingly, a separate balance sheet has not been prepared for annuity underwriting. However, to disclose the operating results of annuity underwriting, a Statement of Annuity Underwriting Income and Retained Earnings forms part of these financial statements.

The Commission also administers the Supplementary Allowances Fund which is used to make additional payments to teachers receiving annuities from the Annuity Fund as well as to dependants of deceased annuitants.

2. Significant Accounting Policies

- These financial statements are prepared on the accrual basis of accounting.
- Investments are recorded at cost. Any purchase premium or discount is amortized to revenue on a straight-line basis over the term of the investment. Gains or losses relating to investments sold prior to maturity are recognized in the year of sale.

3. Related Party Transactions

In accordance with Section 73 of The Teachers' Superannuation Act, all expenses of the administration of this Act are paid from monies appropriated by the Legislature for the purpose. Accordingly, no provision for these costs is included in these financial statements.

4. Investments

	<u>\$ 28,305,956</u>	<u>\$ 17,590,170</u>

Bonds, debentures and shares had a quoted market value of \$26,041,073 on June 30, 1985 (1984 — \$14,496,464). Short term investments are valued at cost which approximates market value. Mortgages are not publicly traded and accordingly do not have a quoted market value.

Section 13 of The Teachers' Superannuation Act provides that the Minister of Finance hold all moneys of the Fund in trust for investment in specified classes of securities.

5. Provision for Future Annuities

This liability represents the estimated amount required to meet future payments to annuitants and is determined by a yearly actuarial valuation. The change necessary to reflect the actuarial surplus/deficit is recorded as revenue or expense.

6. Investment Income Allocation

The investment income earned by the Fund is allocated based upon the proportion of assets attributed to the contributors and to the annuity underwriting operation. The amount of assets attributed to annuity underwriting as at June 30, 1985 of \$122,950 (1984 — \$27,583) is based on the accumulated balances of teachers receiving annuities plus an annual allocation of investment income less payments to annuitants.

7. Minister of Finance Contributions

In accordance with Section 18 of The Teachers' Superannuation Act, the Minister of Finance made the following contributions to the Fund:

	1985	1984
i) Contributions equal to teachers' contributions	\$3,734,231	\$3,067,649
ii) Amount with respect to teachers electing to transfer from the Teachers' Superannuation Fund

— for interest on contributions transferred	<u>249,673</u>	<u>77,925</u>
	<u>\$4,122,799</u>	<u>\$3,211,526</u>

8. Minimum Balance of Fund

The Fund balance is equal to the minimum amount required by Section 14(2) of The Teachers' Superannuation Act which states that the Fund shall at all times at least equal the sum of:

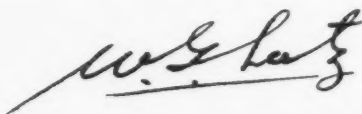

- contributions made to the Fund by or on behalf of teachers who have not retired;
 - contributions made to the Fund by the Minister of Finance; and
 - any contributions that may be transferred to the Fund on behalf of a teacher from the Teachers' Superannuation Fund;
- together with interest thereon.

Supplementary Allowances Fund
Notes to the Financial Statements
June 30, 1985

1. Status of the Fund

The Teachers' Superannuation Act established the Supplementary Allowances Fund effective July 1, 1980 to be administered by The Teachers' Superannuation Commission. It is a Fund in which specified contributions and interest earnings thereon are accumulated for the purpose of making specific additional payments to teachers receiving annuities from the Annuity Fund, also administered by The Teachers' Superannuation Commission.

2. Significant Accounting Policies

- a) These financial statements are prepared on the accrual basis of accounting.
- b) Short term investments are recorded at cost, which approximates market value.

3. Related Party Transactions

In accordance with Section 73 of The Teachers' Superannuation Act, all expenses of the administration of the Act are paid from monies appropriated by the Legislature for the purpose. Accordingly, no provision for these costs is included in these financial statements.

4. Investments

Section 13 of The Teachers' Superannuation Act provides that the Minister of Finance hold all moneys of the Fund in trust for investment in specified classes of securities.

5. Accounts Payable

Section 55(10) of The Teachers' Superannuation Act, which came into force June 1, 1984, authorized the refund of contributions together with earned interest to eligible teachers upon application. This liability represents contributions together with earned interest for eligible teachers who have applied for a refund.

6. Contingent Liability

Contributions and interest forfeited to this Fund together with earned interest thereon are repayable to the Annuity Fund if a teacher who accepted a refund of contributions under subsection 55(10) of The Teachers' Superannuation Act makes restoration to the Annuity Fund.

It is not possible to determine the number of teachers who will repay the amount refunded and interest thereon and accordingly a liability has not been recorded in these financial statements.

7. Minimum Balance of Fund

Section 14(3) of The Teachers' Superannuation Act states that the Fund shall at all times at least equal the amount of contributions made to the Fund together with interest thereon. At June 30, 1985, the accumulated amount of teachers' contributions plus interest was \$956,331.

GROUP LIFE INSURANCE

GROUP LIFE INSURANCE

Legislation was introduced September 1, 1960, to provide teachers' group life insurance coverage for 8,928 teachers. The amount of term insurance coverage and the provisions of the insurance plan have been considerably increased since its inception. In 1974, group life insurance also became a negotiable matter as a mandatory item under The Teacher Collective Bargaining Act, 1973. As a negotiable item, any amendments to the group life insurance plan provisions must first be agreed to and included in a provincial collective bargaining agreement.

The teachers' group life insurance plan provides insurance coverage for teachers and individuals employed by boards of education as full-time secretary-treasurers, assistant secretary-treasurers or superintendents of administration. Coverage is available for:

- active teachers;
- teachers absent from work on educational leave;
- teachers absent from work due to ill health;
- teachers absent from teaching in Saskatchewan as an exchange or special teacher; and,
- superannuated teachers.

The insurance coverage includes an amount for accidental death and dismemberment benefits equal to and in addition to the amount of ordinary life insurance in effect.

Under authorization by the Lieutenant Governor in Council, the Minister of Finance, with the approval of the Saskatchewan Teachers' Federation, may enter into an agreement with one or more insurance companies to provide for term life insurance and accidental death and dismemberment insurance.

Effective September 1, 1984, Sun Life Assurance Company of Canada was contracted to underwrite the teachers' group life insurance plan previously underwritten by the Metropolitan Life Insurance Company.

The Teachers' Superannuation Commission is responsible for administering the life insurance contract. This administration includes the collection and subsequent payment of premiums to the underwriting life insurance company. The Minister of Finance is responsible for payment of 50 per cent of the premium required to provide each teacher the coverage as set out in the provincial collective bargaining agreement. Superannuated teachers and individuals employed as secretary-treasurers, assistant secretary-treasurers and superintendents of administration are responsible for 100 per cent of the required premiums.

- Effective September 1, 1985, all participants were insured for \$76,000 term life coverage and \$76,000 accidental death and dismemberment coverage.
- Insurance coverage was provided for a total 13,116 participants. Of that total 12,664 were teachers, 365 were superannuated teachers and 87 were secretary-treasurers of boards of education.
- Total insurance in force was \$996,816,000.
- Total premiums amounted to \$1,723,795 of which \$891,687 was the teachers' share for the ordinary life and accidental death and dismemberment insurance coverage.
